

Share Your Expertise!

As a member of NSO-Retired, you can become part of a very important cadre of advocates, trainers, and consultants who assist our NSO brothers and sisters across the country. NSO calls upon NSO-Retired members to provide advocacy in bargaining, grievance processing and arbitration, training, conflict resolution, organizing, strike/crisis assistance, and more. NSO-Retired members are also called upon to add their expertise to committees.

Since NSO is a completely volunteer organization, they can use many kinds of assistance. On the membership form, please indicate the areas you would be willing to work on for NSO. NSO often has need for last-minute assistance for emergency situations. If you are willing to be on call to provide assistance, please be sure to indicate that, too.

NSO will pay expenses for volunteer advocates.
